Dear Richard,

I am sorry that you did not reply to my letter of February 1. I have now settled the matter rather well out of court.

Another matter however: You might care to consider the two pictures attached. I warned weeks ago on my website that these items you were auctioning were probably fake.

The enclosures appear to clinch it. See my website at <http://www.fpp.co.uk/docs/Irving/RadDi/2009/240409.html> -- scroll right down to the bottom.

Yours sincerely

David Irving
